

BAY AREA SCHOOL REFORM COLLABORATIVE

LOCAL COLLABORATIVE COACH SURVEY

Spring 2004

ABOUT THE SURVEY

This survey is being conducted by the Center for Research on the Context of Teaching (CRC) and MDRC as part of an evaluation of the Bay Area School Reform Collaborative (BASRC).

Coaches of all BASRC Local Collaboratives are included in the survey. The survey asks coaches to describe their experiences and views of the coaching role and conditions in their Local Collaborative.

The questionnaire includes three parts:

- Local Collaborative Coach Role
- Conditions in your Local Collaborative and district
- Professional Background

Time needed to complete the structured questionnaire is approximately 30 minutes. Of course, additional written comments of any length are welcome.

All responses are entirely confidential. The survey is governed by stringent Stanford University and MDRC regulations designed to safeguard study participants by ensuring privacy of individuals' responses. ID numbers are used for follow up and record keeping only. All survey results will be reported only in summary statistical form that ensures that neither individuals, districts, nor schools can be identified.

Thank you for contributing your time and thoughtful responses to this survey. It is important that all BASRC Local Collaborative coaches participate so that the range of coaches' experiences and viewpoints is represented.
